TARIFF FORMAT

1. Page Numbering - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the tariff. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between pages 14 and 15 would be 14.A.
2. Page Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Commission. For example, the 4th revised Page 14 cancels the 3rd revised Page 14. Because of various suspension periods, deferrals, etc. the Commission follows in its tariff approval process, the most current page number on file with the Commission is not always the tariff page in effect.
3. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
  - 2.
  - 2.1.
  - 2.1.1.
  - 2.1.1.A.
  - 2.1.1.A.1.
  - 2.1.1.A.1.a.
  - 2.1.1.A.1.a.l.
  - 2.1.1.A.1.a.l.i.
4. Check Sheets - When a Tariff filing is made with the Commission, an updated check sheet accompanies the tariff filing. The check sheet lists the pages contained in the tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (\*). There will be no other symbols used on the check sheet if these are the only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some pages). The tariff user should refer to the latest check sheet to find out if a particular page is the most current on file with the Commission.

SECTION 1 - EXPLANATION OF SYMBOLS

The following symbols shall be used in this Tariff for the purpose indicated below:

- D. A Customer, joint user, or authorized user may not assign, or transfer in any manner, the service or any rights associated with the service without the written consent of the Company. The Company will permit a Customer to transfer its existing service to another entity if the existing Customer has paid all charges owed to the Company for regulated Access Services. The magnitude and character of the voltages and currents impressed on Company-provided equipment and wiring by the connection, operation, or maintenance of such equipment and wiring shall be such as not to cause damage to the Company-provided equipment and wiring or injury to the Company's employees or to other persons. Any additional protective equipment required to prevent such damage or injury shall be provided by the Company at the Customer's expense.

4.4.4 Interconnection Provisions

Facilities furnished under this Tariff may be connected to Customer-provided terminal equipment in accordance with the provisions of this Tariff.

SECTION 4 - REGULATIONS (Cont'd)

4.5 Customer Deposits and Advance Payments

4.5.1 Advance Payments

To safeguard its interests, the Company may require a Customer to make an Advance Payment before services and facilities are furnished. The Advance Payment will not exceed an amount up to two months of estimated monthly usage charges. In addition, where special construction is involved, the Advance Payment may also include an amount equal to the estimated non-recurring charges for the special construction and recurring charges (if any) for a period to be set between the Company and the Customer. The Advance Payment will be credited to the Customer's initial bill. An advance payment may be required in addition to a deposit. All advance payments will be administered pursuant to 52 Pa §64.15.

4.5.2 Deposits

- A. The Company reserves the right to examine the credit record of the Customer. If the Customer's financial condition is unknown or unacceptable to the Company, the Customer may be required to provide the Company with a security deposit, which the Company may apply against overdue charges. The amount of the security deposit shall be equal to two (2) months estimated usage for residential service and two (2) months for business service. The amount of the deposit may be adjusted at the request of the Customer, applicant, or the Company at any time when the character or degree of use of the service materially changes or when it is clearly established that the character or degree of use of service will materially change in the immediate future. The estimated charges for Customers shall be based on the average monthly billing of the past six (6) months to that Customer. The estimated deposit for an applicant may take into consideration past billing history for service of another carrier if service was provided within the State of Pennsylvania and within six (6) months of the application.

SECTION 4 - REGULATIONS (Cont'd)

4.5 Customer Deposits and Advance Payments (Cont'd)

4.5.2 Deposits (Cont'd)

- B. The Company may request that a maximum of 1/3 of the amount of a requested deposit from any customer be paid within twelve (12) days after the date of the request for deposit. An applicant may be requested to pay no more than 1/3 of the deposit amount prior to the establishment of service. At least two billing periods shall be allowed for the balance of the deposit. A Customer or applicant may, at their option, pay the deposit on a more expedited schedule.
- C. Deposits plus interest will be refunded to the Customer after twelve (12) consecutive months, so long as:
  - 1. the Customer has paid any past due bill for service owed to the Company;
  - 2. service has not been discontinued for nonpayment;
  - 3. the Customer has not failed to pay on four (4) or more occasions; or
  - 4. the Company has not provided evidence that the Customer used a device or scheme to obtain service without payment.
- D. If the Company does not return a Customer's deposit after twelve (12) months, the Company shall provide the Customer with the reasons the deposit is being retained if the Customer so requests.

SECTION 4 - REGULATIONS (Cont'd)

4.5 Customer Deposits and Advance Payments (Cont'd)

4.5.2 Deposits (Cont'd)

- E. A deposit may be required in addition to an Advance Payment. If both a deposit and an advance payment are required then the total cannot exceed 2 ½ times the average bill for the customer.
- F. Deposits plus interest shall be returned when service has been terminated for more than thirty (30) days, less the amount of unpaid bills, if any, for that service. A transfer of service from one premise to another within the area served by the Company shall not be deemed a termination of service by the Company if the class of service remains the same. When a deposit plus interest is applied to the liquidation of unpaid bills, the Company will provide the Customer with a statement showing the amount of the unpaid bill(s) liquidated by the deposit plus interest, and the balance remaining due either to the Customer or the Company.
- G. All deposit refunds will be by separate check and not by credits to the Customer's account, unless the deposit is used to pay the Customer's final bill, or the customer specifically requests that the deposit be put toward the account. When a deposit or portion of a deposit is refunded, the Company will issue a cancellation Notice. Refunds of less than one dollar (\$1.00) need not be issued.
- H. Interest shall be paid on all deposits held by the Company. The rate of interest will be paid at nine percent (9%) or at such interest rate as set forth by the Commission. In December of each year the Commission shall announce the rate of interest which shall be paid on all deposits held during all or part of the subsequent year. At the request of a Customer, the Company shall compute the accrued interest upon the deposit and pay such amount to the Customer. The Company need not make such payment more often than once in a twelve (12) month period, nor sooner than twelve (12) months after receipt of a deposit.

SECTION 4 - REGULATIONS (Cont'd)

4.5 Customer Deposits and Advance Payments (Cont'd)

4.5.2 Deposits (Cont'd)

- I. In the event that a Customer pays a bill to the Company and the billing is later found to be incorrect due to an error either in charging more than the published rate, in measuring the quantity or volume of service provided, or in charging for the incorrect class of service, the Company shall refund the overcharge with interest from the date of overpayment by the Customer.
  
- J. All deposits will be administered pursuant to 52 Pa. §64.31-64.41.

- C. When service does not begin on the first day of the month, or end on the last day of the month, the charge for the fraction of the month in which service was furnished will be calculated on a pro rata basis. For this purpose, every month is considered to have thirty (30) days.

Billing accrues through and includes the day that the service, circuit, arrangement or component is discontinued.
- E. These relay services permit telephone communications between individuals with hearing and/or speech disabilities, who must use a TTY, TDD or captioned telephone, with individuals having normal hearing and speech. Additionally, 711 abbreviated dialing is available to access the PA TRS. The Company's switching equipment is arranged to translate the "711" calls to the assigned toll-free number, (888) 895-1197, in order to route calls to the Telecommunications Relay Service Provider, in accordance with Commission's Order entered on February 4, 2000 at Docket No. M-00900239.
